1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Herbert Cantor on June 4, 2001.

2. The application has been amended as follows: **in the specification,**

a subtitle --FIELD OF THE INVENTION-- has been inserted on page 1, before line 1;

a subtitle --BACKGROUND OF THE INVENTION-- has been inserted on page 1,

between lines 3 and 4; and

a subtitle --SUMMARY OF THE INVENTION-- has been inserted on page 1, between

lines 16 and 17.

In the claims, the word --said-- has been inserted before the word "lifting" (claims 12, line 2, claim 1⁴~~7~~-16, in line 2, claims 20-21, line 2, and claims 26-29, line 2) and the word "listing" has been changed to --lifting-- (claims 22-24, line 7).

4. The following is an examiner's statement of reasons for allowance:

Kuhn [5,184,930] shows a vehicle lift having at least two lifting columns (Fig. 6) provided with a support foot (12); a carriage (28); a lifting member (60); safety means (22); and drive means (6) for displacing the carriage. The Netherlands Patent [325,811] appears to show connecting lines (13) (Figs. 1-4) in a closed circuit.

However, Kuhn [5,184,930] in view of the Netherlands Patent [325,811] does not show *the connecting lines being formed as a digital data bus, control means adapted to exchange the digital signal through the data bus, and an operating means connected to the connecting lines for simultaneous actuation of the control means of all the lifting columns* in combination with other limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Chin whose telephone number is (703) 305-1524.
